**You are the first thought of every morning, the best thought of each day and the last thought of every night. Good Night**

**You are the reason why I have sleepless nights, why I tend to hold my pillow tight and I can't sleep without saying good night.**

**You are the reason why I have sleepless nights. You are the reason why I tend to hold my pillow tight. And you are the reason I can't sleep without saying goodnight.**

**Tonight I'm going to sleep earlier because I want to see you in my dream very early. Good Night**
