Good Night Thoughts Poems

Goodnight, my love,
though miles away,
your voice is all that I need
To lull me to sleep
and to know that I'm loved
and that I am yours now to keep.

In the softest night
Free winter rises
Maiden blossoms sincere
Weary blossoms adhere
Winter grass is near
Naked tenderness is here
With tired kisses in the air
Goodnight springtime with care

Goodnight, my love,
though miles away,
your voice is all that I need
To lull me to sleep
and to know that I'm loved

Good nite sweet heart it is time 2 dream sleep tight,
Dream of beautiful things & wake up 2 a beautiful morning.

Sleeping under da stars being watched over by da man in da moom,
Drifting away on a silvery cloud after da sun is set & comfortably.

Goonite, again, my darling
I swear 2 you I'll return.

You will 4ever be in my heart
2 that there is no concern.

I will protect you against da harms
& hold you up in2 da light.

Just promise me not 2 cry,
Bcoz Nothing is as hard as Saying Goonite.

I dream of your 2uch while you r away,
I dream of your smile all through da day,

I remember da day, You came in2 my life,
I dream of da day I will b your wife.

I dream of da day I can fall asleep next 2 you,
I dream of da day I can say I do.

2 b your wife, 2 b 2gthr 4 life,
Is a dream I have, Every nite.

I lay awake thinking of
u in my arms.
Hugging u tight,
kissing u goodnite
dan it turns 2 pain
as I lay & suffer

If I could have just 1 wish,
I would wish 2 wake up everyday

2 da sound of your breath on my neck,
da warmth of your lips on my cheek,

Da 2uch of your fingers on my skin,
& da feel of your heart beating with mine...

Knowing dat I could never find dat feeling
with anyone other dan u.

Good Nite My Love !

Lone in da light of that magical grove,
I felt da stars of da spirits of Love.

Gather & gleam round my delicate youth,
& I heard da song of da spirits of Truth;

2 quench my longing I bent me low.
By da streams of da spirits of Peace that flow.

In that magical wood in da land of sleep..
Good Nite My Sweerheart !

U have a natural talent.
U have been blessed.

wid these words I take my leave.
lets both get some rest.

good nite.. God bless.

Sweep me,
off my feet,
wid your sweet,
& tender kiss...

Wrap me,
in your arms,
nw I feel,
eternal bliss...

Lay me,
down 2nite,
hw I long,
2 feel your 2uch...

Silky,
smooth delight,
I will never,
get enough.

Sweet dreams & good nite,
are my last words 2 u,

Though u cannot hear me,
u understand my pain.

Da eyes you always said,
Are da eyes 2 your soul.

That's y I did not say a word,
U understood my world.
