Love sms for sister

you are my favorite sister.

You have always been there for me.

I will always secretly look up to with no one knowing.

and will try to care for you forever and ever

A true sister is a friend who listens with her heart.

**Whenever i needed to talk
You were there besides me
Whenever i needed to laugh
You were there to put the smile on my face**

You make a great sister really!!!!!!!!!!

Sister is someone who is caring & sharing.

**Sister can understand things you never said.
She can understand pain which is not visible to anyone**

There is no better friend than a sister.

And there is no better sister than you

A sister is both your mirror - and your opposite.

Sisters function as safety nets in a chaotic

world simply by being there for each other.
